Northwest Plumbing, Heating & AC Highlights Essential Furnace Repair Services as Winter Approaches

August 29, 2024

DAVENPORT, Iowa - August 29, 2024 -
Northwest Plumbing Heating & AC, a well-established company in the Quad Cities area, is promoting its furnace repair and installation services to ensure residents are prepared for the winter months. With colder weather approaching, it's essential to have a fully functional heating system for keeping homes comfortable and energy-efficient.

Bill Durand, the CEO of Northwest Plumbing, Heating & AC, explains, "Our goal is to make sure every home in the Quad Cities has a reliable and efficient heating system this winter. A malfunctioning furnace can cause a lot of discomfort and high energy bills. We're dedicated to providing quick and professional furnace repair and installation services to prevent these problems."

Northwest Plumbing, Heating & AC was founded in 1923, and it has been offering a wide range of residential services ever since, including plumbing and air conditioning. Their commitment to quality service and customer satisfaction has made them a trusted name in the community.

One of their main services includes furnace repair, installation, and maintenance to ensure optimal performance during winter. They offer free estimates for furnace replacement, helping homeowners make informed decisions. The company also provides financing options through GreenSky®, making it easier for customers to manage their expenses.

Besides heating, Northwest Plumbing, Heating & AC handles various plumbing issues like clogged drains, leaky pipes, malfunctioning toilets, and backed-up showers. Their technicians aim to fix these problems quickly and efficiently, reducing disruptions to daily life.

They also offer maintenance programs to keep systems running smoothly. By joining the Service Partner Agreements, customers get annual inspections and avoid extra charges for after-hours or weekend services. This program ensures regular checks and maintenance for plumbing, heating, and cooling systems, which can help them last longer and work better.

The company is active on social media platforms including Facebook, Instagram, Twitter, LinkedIn, and Pinterest. These outlets help customers stay updated on the latest news, specials, and services. It also allows Northwest Plumbing Heating & AC to build a stronger connection with the community and offer valuable resources and information.

To celebrate its 100th year in business, Northwest Plumbing Heating & AC has a special promotion. Customers who mention "Happy Birthday" this year can get $100 off a new system installation. This offer is valid until November 30, 2023, for system replacements, giving customers a great chance to upgrade their heating and cooling systems at a reduced rate.

The company also runs monthly specials, like discounts on replacing old air conditioning units. These promotions add value for customers and reflect the company's commitment to affordable and satisfactory service.

The company urges Quad Cities residents to take advantage of its furnace repair and installation services as winter gets closer. Having a well-functioning heating system is essential for keeping homes warm and comfortable during the cold months. By addressing furnace issues promptly, homeowners can avoid potential breakdowns and expensive repairs later on.

Durand adds, "We are proud of our reputation for providing high-quality service and support to the Quad Cities community. Our dedicated team of technicians is ready to help with any heating or plumbing needs, making sure our customers' homes stay comfortable and efficient all year round."

For more information about Northwest Plumbing, Heating & AC's furnace repair and installation services, or to learn about the Deal of the Month, visit their website at www.callnw.com. Customers can also reach the company by phone at 563-391-1344 for any immediate heating or plumbing needs.

The company provides helpful resources and updates through their blog and social media platforms. By following Northwest Plumbing Heating & AC on Pinterest, customers can find various tips and ideas related to plumbing, heating, and air conditioning services. This helps the company stay connected with its audience and offer useful information to improve home comfort systems.

For more details on their heating services, plumbing services, or to learn about the current monthly special, visit their website. Those interested can read a recent news article about their furnace repair services, or can visit their page on Pinterest.

Northwest Plumbing, Heating & AC is committed to serving the Quad Cities area with reliable and professional services that meet their customers' diverse needs. As the company continues to grow and evolve, it remains dedicated to upholding its high standards of quality and customer satisfaction.
